Above is the meter reading schedule for 2026. The date of the month your meter will be read is determined by the Route Number listed on your statement. For example, Route "03A" will be read on January 5th and February 4th; Advanced Metering Infrastructure (AMI) reads may be read 3 days prior the actual read date on the Meter Read Calendar.

This is the planned schedule for meter reads. However, unforeseen emergencies may require changes in the schedule. We hope any changes in the read dates will be minimal.
